

Avaya Migration Promotion Offer!!

Upgrade Your Phone System to an Avaya IP Office Integrating Your Existing Phones!! For a limited time only TDS is offering 10% on any Nortel/BCM Trade In. Take advantage of this fantastic savings!

- When you upgrade to Avaya IP Office, you can keep using your existing Nortel phones and replace them on an as needed basis.
- You can upgrade to equip select employees, such as executives, receptionists, sales and customer service, who will benefit the most from the added features of the new phones.
- Avaya Finance has leasing programs available to help finance the cost of this upgrade.

Please refer to this checklist to determine if an upgrade will help your business:

- Your current Nortel phone system is more than 3 years old.
- Your system has not been updated for several years and the existing software/hardware is no longer supported.
- You plan on operating your business for at least 5-10 years or longer.
- Your business is experiencing growth and/or your business will be relocating in the near future.
- Email and mobile communications are important to your business.
- Your business relies on conference calls and heavy use of fax communications.
- You need Call Recording capabilities for compliance purposes or to improve employee training.
- You operate multiple locations.

Please contact TDS today to find out more about this offer at 610-783-7005 or sales@tds-phone.com
